Price Editor Explains Why He

Didn't Publish State Sena-

tor Bennion's Letter.

Price, Utah, Nov. 1 .- Replying to the

communication of Albert Bryner,

chairman, and Joseph A. Young, sec-

retary, of the central committee of

Carbon county in this morning's Her-

ald, with letter of Hon. Harden Ben-

nion attached, I desire to be placed

in the right light by saying:

### LITTLE ONES SUFFER NO PAIN

Dr. Lorenz's Patients Reported as Doing Nicely.

ARE TAKEN FROM HOSPITAL

EMINENT SURGEON CONTINUES JOURNEY TO SAN FRANCISCO.

R. ADOLPH LORENZ, the eminent Vienna surgeon, who is traveling across the country instructing American surgeons in his most wonderful bloodless operation, and relieving poor children from their deformities, has come and gone. The memory of the successful work he accomplished here, however, and the insight into the wonderful possibilities of surgery which he gave local doctors will live after him.

The visit of the skillful surgeon will no doubt become an event in the history of the city, marking a new and forward stride in the medical world of the west. The great doctor himself and his remarkable work will not be for-gotten by two families in Utah, who have cause to rejoice that it was their good fortune to benefit by the accomgood fortune to benefit by the accom-pollshments and generousness of the surgeon. Scarcely less indebted to Dr. Lorenz are the surgeons of the city, every progressive one of whom declares it his intention to profit by the instruc-tions given that he may in time be-come able to relieve suffering little

Patients Doing Well.

The cases operated upon by Dr. Lorenz Friday were in exceptionally good condition yesterday, and the doctor, before leaving, expressed himself as confident that the little ones would be entirely cured of their deformities. So nicely did the children get along after the operation that both were removed from the hospital yesterday, and are now at their homes under the care of local physicians. Dr. Robinson of Sandy has charge of Edwin Walker, the son of the Riverton postmaster, who was particularly unfortunate in being a sufferer from a double dislocation of the hip. Dr. J. S. Richards has charge of Muril Rausch, the little girl whose left hip was dislocated. The cases operated upon by Dr. Lo left hip was dislocated.

left hip was disiocated.

After reviving from the effects of the anaesthetic both children were, of course, somewhat restless, but slept well during the night according to the nurses, and yesterday seemed to be feeling as well as could be expected under the circumstances. inder the circumstances.

After having their limbs put through such manipulations as was necessary to stretch and tear the muscles, it would seem that they must suffer terrible pain and soreness, but Dr. Lorenz stated that they felt no such discom-fort, because the plaster of paris cast held the limbs in such rigidity that they could not be moved at all, and so long as the muscles were at perfect rest, though they were torn and stretched, no pain was felt. The actions of the children after recovering from the anaesthetic gave no indication that they felt any pain at all.

Will Use Their Limbs. Dr. Lorenz did not visit the childre

Mueller, spent the greater portion of the day in the city yesterday, but departed on their journey to San Francisco on the 2:40 train in the afternoon. Yesterday morning they took in some of the sights of the city under the guidance of Dr. H. D. Niles. In their rounds the party visited the tabernacle, but they were unable to hear the great organ, much to the disappointment of organ, much to the disappointment of Dr. Lorenz. They then visited the state university, after which Dr. Lo-renz and Dr. Mueller called upon Pres-ident Joseph F. Smith of the Mormon church. They were kindly received by President Smith, and spent some time with the leader of the Mormon people,

by the members of the medical pro-fession the visit of Dr. Lorenz is looked upon as a good fortune, such as sel-dom comes to them, and they propose to make the best of their opportunity to witness the work of the acknowl-

### **EXHIBITION BY NEWSPAPER ARTISTS** WILL BE HELD IN SALT LAKE SOON

BEAT preparations are being made by the newspaper artists of this city for their first annual exhibition which is shortly to be held at the Knutsford hotel. Every illustrator in this city, as well as the prominent newspaper artists throughout the country will be represented in the affair, and the best drawings and cartoons produced in years will be shown, including posters, sketches, paintings, lapdscapes, waterscapes, studies from life and still life and imaginary conceptions. The exhibition will be given in the name of the Press Artist's league, which is a kind of artistic union organized by the leading artists throughout the country. The posters, sketches and paintings, which comprise the most ambitious efforts of the art try will be represented in the affair, and the best drawings and cartoons produced in years will be shown, including posters, sketches, paintings, landscapes, waterscapes, studies from life and still life and imaginary conceptions. The exhibition will be given in the name of the Press Artists' league, which is a kind of artistic union organized by the leading artists throughout the country. The posters, sketches and paintings, which comprise the most ambitious efforts of the artists, will be a surprise and revelation to the people who have only seen the work of these men in the newspapers. The display of such a representative

#### GOES TO WASHINGTON

Steven Wallace to Take Final

Dr. Lorenz did not visit the children yesterday before leaving, but received reports of their conditions from the attending physicians, and expressed himself as very much pleased with the prospects that the two operations would be most successful.

"I have no doubt," said the doctor, before leaving, "that in time and with the proper care the children will be able to use their limbs as any other children."

The progress of the children operated upon and the ultimate outcome of the operations will be watched with the utmost interest by local surgeons.

Dr. Lorenz add not visit the children received in the control of the desired and a subject of all waking hours to me. If there is anything new in an instrument I want to know it and I think most people who have purchased from us will admit that I generally do know such a 'lectle' ahead of the other fellow.

# MR. CROCKETT REPLIES

SAYS "NOT GUILTY"

Ibapah, the Indian Boy Who Killed His Father, Is Arraigned Before Judge Marioneux.

First—When the letter of Mr. Benninon was brought to the Advocate for publication, through Mr. Bryner, the paper was ready to go to press, and to have held the letter until the following week, but one issue before the election, and then published it, would have given Mr. Bennion and his friends so chained to reply to the comments which the Advocate might see fit to make. This was so explained to Mr. Bryner and others, who had peddled the contents of the letter about town for days from the street corners and elsewhere before bringing it to my office and giving me time to have it in the hands of the printers.

Second—Mr. Young, the county secretary, has subscribed his name to a matter which he alleges to be facts that he never approached the editor of the Advocate upon. Ordinarily Mr. Third—It is a well known fact here and elsewhere through the district that Mr. Bennion went to Mr. McDonald keep Republican candidate, when he first made a trip to Price after the latter had received the nomination, and toid him that he (Bennion) cared but little for re-election and was really in hopes Mr. McDonald would be chosen to the place; that he would not make any canvass of the district. Does this look as though he had been kept from making a tour of the counties of the district by attending an irrigation convention?

Fourth—In Mr. Bennion's communication to the Advocate he cites the Hon. Reuben G. Miller and others to prove certain alleged facts, but when his communication reached the Advocate has not supported Mr. Bennion for re-election, because it has never been able to discover anything he has done for Carbon counting. The road in mount of Gate canyon, but through some Republican favorites of Bennion and others, the mouth of Gate canyon, but through some Republican favorites of Bennion and others, the mouth of Gate canyon, but through some Republican favorites of Bennion and others, the mouth of Gate canyon, but through some Republican favorites of Bennion and others, the mouth of Gate canyon, but through some Republica First-When the letter of Mr. Ben-(Special to The Herald.) Divorce Case.

Logan, Nov. 1.—The latest development in the sensational Karren divorce casc, which has interested people here for a year past, is the abduction of the children transferred to the divorced couple by the father.

Talitha D. Karren, the mother, gave notice Thursday that she would sue for an order to have the children transferred to her custody, they being in the custody of her former husband, Fred W. Karren. The latter, it seems, learned in advance of her intentions, and when Sheriff Rigby went to Lewiston with an order of the district court, commanding Karren to produce the children in court, he was informed that Karren had gone to Canada and taken the children with him. The mother is frantic over the loss of her children.

He lived in Salt Lake one year, when he came to Provo and has desided here since. Mr. Hardy was prominent in Sunday stolool work until his health failed. General debility and partial paralysis was the cause of death. He leaves a wife and ten children. Funeral will take place from the Second ward meeting house Monday at 1 p. m.

The funeral of Eva Dunn will be held from the Sixth ward meeting house at 1 p. m. Monday. (Special to The Herald.)

DEATH OF EVA DUNN. Provo, Nov. 1.—Miss Eva Dunn, the 18-rear-old daughter of Mr, and Mrs. Wil-iam F. Dunn, died this forenoon at 11 'clock from the effects of an operation performed Thursday for an internal ad-ress in the abdominal region. Her re-sovery was confidently expected till this norning, when she suffered a relapse and precame unconscious. morning, when she surfered a relapse and became unconscious.

Miss Dunn was a beautiful and amiable girl, and her death is greatly mourned by her family and numerous friends. She was born in Provo and resided with her parents in Park City for several years.

A prominent physician was recently asked why it was that there are so many "blood purifiers," "nerve tonics" and remedies for every ill, except one of the most common and annoying, viziples. He replied, there are two principle reasons. First, physicians and people in general have thought that the only permanent cure for piles was a surgical operation, that medicinal preparations were simply palliative. Another reason is, that piles is in no sense of the word an imaginary disease; the sufferer from piles is very much aware of the fact and for this reason, the few so-called pile salves, ointments, etc., have been short lived. reason, the few so-called pile salves, ointments, etc., have been short lived. The patient very soon discovered their inefficiency.

KAYSVILLE NOTES.

Kaysville, Nov. I .- John Taylor, who ever, there is a new remedy for piles, which, judging from its rapidly growing popularity, will soon take the place of all other treatment; it has certainly Mrs. Schofield is very sick with of all other treatment; it has certainly made astonishing cures in this obstinate disease and its merit has made it famous among physicians and wherever it has been introduced. This remedy is sold by all druggists under the name of Pyramid Pile Cure.

From the immediate relief which the Pyramid Pile Cure gives in all forms of niles many physicians supposed it considerable.

Mrs. Schofield is very sick with Bright's disease.

A Woodmen dance was held here last Thursday evening, the occasion being the dedication of their new hall. Members from Ogden and Bountiful were in attendance.

ing one mine and making a tour of several of the towns on the outskirts of the city.

At the Dorrance colliery of the Le'igh Valley Coal company, at North Wikesbarre, nearly two hours were spent in the mine about \$50 feet below the surface. The mine is a very gaseous one, and the commissioners and other members of their party were compelled to carry safety lamps. They were told the mine was dangerous, but their eagerness for information as to the "physical features" of the various mines was so great that the unsafe conditions of the workings did not deter them from entering. Upon this trip S. D. Warriner, general superintendent of the Lehigh & Wilkesbarre Coal company, accompanied the commissioners as the representatives of the operators. The miners were represented by District President Nicholis and National Board Member John Fallon.

There were no special incidents in the trip below ground and the tour was much the same as those taken in other mines on the two previous days, the only difference being that the commissioners saw a vein of coal about sixteen feet thick, which is three times the thickness of the seams of coal seen on Thursday and Friday. One of the gangways traversed by the commission runs under the Susquehanna river to the west side of North Wilkesbarre.

All Saints Day.

leave the car, but wherever it stopped a crowd would gather, which gave them an opportunity to ask questions regarding rents and other living expenses. On the return to Wilkesbarre the party immediately boarded the train for Scranton over the Delaware. Lackawanna & Western road.

The commissioners steadfastly refuse to give opinions on any feature of the matter before them.

important an election as this, because consider there is a great deal at take in this election, but, as I say, feel there are enough of my old-time TAKING OF TESTIMONY WILL Republican friends who are good solid were too small to get out citizens who are going to vote for me to elect me. At any rate, my case is up to my friends, and I will have to

mine workers, decided today, while on their tour of the Wyoming valley, to adjourn next Thursday until Friday, Nov. 14, when the taking of testimony will begin in this city. The first four days of next week will be taken up in inspecting the mines and mining towns from Hazleton south to the end of the hard coal fields.

Chairman Gray said tonight that the object in taking a recess of one week was for the purpose of giving both sides sufficient time to prepare their cases, and also to give the members of the commission an opportunity to examine the issues. The commissioners feel that the questions involved are so important that any haste may work an injury to either side of the controversy. When the hearings are begun week after next it is the intention to have the miners, who are considered the plaintiffs, submit their case first. How long it will take to hear all the testimony cannot be estimated by the commissioners.

The sixty-seven individual operators will also be given an opportunity to be heard, as well as all the larger coal companies. The question of making a preliminary report on some of the issues involved, such as the increase of wages, as shorter working day, and the weighing of coal at the mouth of the mines, has not yet been officially taken up by the commissioners.

The arbitrators spent the entire day in and about the city of Wilkesbarre, visiting one mine and making a tour of several of the towns on the outskirts of the city.

At the Dorrance colliery of the Lelking Valley Coal company, at North Wilkes-

Upon the trin from which he was just the region. The commissioners of that in Cook's bay, Lake Simcoe, where there were formerly hundreds of acres of wild rice, there was not to be seen a spear of that joint today. The same was true which cannot be forged that in Cook's bay, Lake Simcoe, where there were formerly hundreds of acres of the tholland river, where there were to the work era of the John cross flutted that the carp were destroying the beds of wild rice, which forms the chief food of wild ducks, geese and other aquatic birds. Upon the trin from which he was just the traverse destroying the beds of wild ducks, geese and other aquatic birds. Upon the trin from which he was just the carp were of the trongs.

Latterly, however, it had been noticed that the carp were destroying the beds of wild ducks, geese and other aquatic birds. Upon the trin from which he was just the fear wild ducks, geese and other aquatic birds. Upon the trin from which he was just the fear wild ducks speed and noticed that in Cook's bay, Lake Simcoe, where there were formerly hundreds of acres of the bounds of the John the trin from

(Cincinnati Commercial Tribune Actors probably suffer more than hotel lobbies, at the stage entrar the theatre and often in the they are held up and made to and deliver; but it is not often the pursued into the ocean. Mr. I Sothern, however, recently had the perience. He was enjoying a ring swim in the surf at Newport, he heard some one splashing and ing behind him and at the same calling to him not to go so fast. calling to him not to go so fast. Thing the man had some good reaso wanting to stop him, he turned said: "What is it?"

"Hold on a minute, there," said stranger. "Aren't you Mr. E. H. ern?"

"Yes," replied the actor.

"Well I want you (nuff) to give

"Well, I want you (puff) to giv (puff) your autograph (puff).

(puff) your autograph (puff).
you?"
Thinking he had to deal with a less lunate Mr. Sothern assurthat nothing would give himpleasure. Would he have it he seaweed or sait water?
"Never mind your joking," said stranger, "my Katherina is on beach and she's got the album a stylographic pen."
"And did you submit to the intion?" Mr. Sothern was asked.
"Well," replied that gentleman,

"Well," replied that gentleman, see I was between Katherine an deep sea; so I took a look at Ka ina and—"
"Well?"
"I chose the deep sca."

Mark Twain's "Finger Mark" Th (Pittsburg Gazette.) Readers of Mark Twain's novel, i'nhead Wilson," will remember limax of the story turns on the exof finger marks. Evidence of th convicted a burglar in a southern
